PREPARING STUDENTS  
**FOR LIFE**

## Preparing Students for Life

**Cheviot School — Cincinnati Gifted Academy West** offers your child an incomparable education that will help them go far. We are a neighborhood school, serving grades Preschool-6, and a magnet school serving grades 3-6.

For the 2021-22 school year, we will be back and stronger than ever with in-person learning five days a week and established safety protocols. Your child will experience:

- The Leader in Me program, where students learn lifelong decision-making skills that help them develop into responsible, caring, compassionate and productive citizens. Our school has earned Lighthouse certification in this program through ongoing training of our staff and leadership opportunities for our students and families.
- A rigorous environment focused on developing the whole child. We integrate arts enrichment and Latin into our curriculum to prepare students to succeed in high school and beyond.
- A variety of after-school programs and extracurricular activities, including soccer, basketball, arts enrichment clubs, Boy Scouts and Girl Scouts.
- An excellent education in one of the most diverse neighborhood and magnet schools in the region. We have been growing leaders since 1926.
